## COMPARISON BETWEEN HELI SKIING OPERATIONS IN BC CANADA - NOTES

\* reliable information not available or not applicable

Prices are in Canadian dollars (not including HST)

The prices listed above are for the 2011-12 season and serve as a guide to compare heli skiing costs. Check each website for up to date costs.

Multi-day heliski packages include accommodation.

Rates are for standard packages, unless they only offer semi-privates or other.

If more than one accommodation option is available, the price for the less expensive option is provided. Cost is based on twin share.

Peak and low season definitions vary for each heli-skiing operation.

The inclusions in each heli ski package differs between the operations. Generally multi-day packages include accommodation, meals, and safety equipment. Not all heli ski operations include ski and board rental. Very few operations include alcohol.
